REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

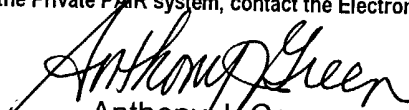

The prior art of record, which is the most pertinent art found, fails to teach and/or fairly suggest the instant invention. While compositions comprising the same and/or similar ingredients as instantly claimed are known in the prior art, the particular amounts recited in the claims are not taught and/or suggested by the prior art. Accordingly the instant claims are deemed to be allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
